

Auto-Pak 2

- ◆ High Speed Production
- ◆ Ease of Size Change
- ◆ Adjustable Bag Compression
- ◆ Automatic Gluing System

Streamline your bag production with the H.G. Weber Auto-Pak 2 automatic bag bundler. By automatically wrapping bags, this unit offers potential labor savings and more efficient off-handling. User-friendly settings allow for ease of operation.

High speed production, easy-to-make size changes, adjustable bag compression, and automatic gluing system are just a few of the features which make this unit the perfect solution to your off-handling needs.

Let H.G. Weber show you how to simplify your off-handling and maximize your bag production by teaming your variable size bag machine with the Auto-Pak 2 automatic bag bundler.

FEATURES

- ◆ Single sheet wrap standard (full width)
- ◆ Cold glue system for girth seal
- ◆ Fully guarded with safety interlocks
- ◆ 30 Second Cycle Time (dependent on bag/bundle count)
